Dear Colleagues,

We are pleased to share that the Intercontinental Journal of Internal Medicine continues to strengthen its contribution to the scientific community with high quality and up to date studies. Following a productive and successful year, we proudly continue our publication journey in 2026 with renewed enthusiasm and commitment to scientific excellence.

Our primary aim remains to enhance our journal's international visibility and reputation, representing our country in the global academic arena while ensuring that valuable research from around the world reaches our readers. We are committed to maintaining rigorous scientific standards and supporting the dissemination of innovative and impactful research in the field of internal medicine.

As we enter another year of publication, we are delighted to present original research articles, case reports, review articles, systematic reviews, meta-analyses, brief reports, and letters to the editor, all of which we believe will contribute meaningfully to the literature and clinical practice.

I would like to sincerely thank our readers for their continued interest and support, our authors for entrusting us with their valuable work, our reviewers for their meticulous and unbiased evaluations, and our editorial team for their dedication and hard work in sustaining the regular publication of ICJIM.

We look forward to another productive year together.

Sincerely yours,

Asst. Prof. Duygu FELEK
